Smithsburg Youth Athletics Youth Track & Field Program

Welcome to the 2008 SYA Track & Field season. My name is Mary Reid and this will be my first year with SYA Track & Field and I am looking forward to working with all of the athletes. This year will be a little different from years past. As you may have noticed the registration fee has gone down. This year each participant that attends the track meets will be responsible for their own entrance fee. These fees range from \$3.00 to \$5.00 per meet. You will only pay for the meets that your child attends and participates in. More information will be available as the season gets under way. I will have a schedule of meets available in March.

The track program through SYA is geared towards the development of the athlete. This program will work to introduce the fundamentals of track and field to the participants, which in return will help them if they choose to continue track & field in high school. We will work towards good warm-up techniques, stretching and introduction to the events of track & field.

SYA is pleased to announce that for the third year the SYA Scholarship Program is available for our athletes, thanks to the Washington County Gaming Commission's award of \$3000.00. This program will be based on the "Free and Reduced Meal Program" qualifications and any other special needs as approved by the Board of Directors. Last year we were able to provide 66 children with full scholarships. Our goal is for every child to be able to participate in our programs and we are proud to be able to continue this valuable program. Please contact (301) 824-7707 for more information.

We would also like to remind everyone of our new website: smithsburgyouthathletics.org. You can download registration forms and get helpful information involving all eight of our sports leagues. Thank You for your continued support of Smithsburg Youth Athletics.
